

## AMERICAN YACHTING

"In cases like this, the malignancy is often more advanced in one eye than the other. If the size of the tumor requires it, we remove the eye containing the greatest malignancy, and we treat the remaining eye with radiation." He also concluded arrangements to open an account for Gammoner in a Grand Cayman Island bank and one for Pinchbeck in Switzerland. "Nothing of the kind." Agnes smiled at Barty and wiggled her finger in his grip. "They've always been my salvation. I don't know what I'd do without them." On the serving tables, the canap? trays held only stained paper doilies, crumbs, and empty plastic champagne glasses. He was confused initially, frowning at the heart monitor and at the IV rack that loomed over him. When his eyes met Celestina's, his gaze clarified, and the smile that he found for her brought as much light into her heart as the diamond ring he had slipped onto her finger so few hours before. Sunday morning, when Agnes returned from church, Edom and Jacob joined her for lunch. During the afternoon, Jacob helped her bake seven pies for Monday delivery. "There's a valuable lesson in that," Agnes said. "Others can learn from it if you care to share. But if you want to record your life only up to the card cheating, that's okay, too. Even that far, it's a fascinating journey, a story that shouldn't be lost with you when you pass on. Libraries are packed with biographies of movie stars and politicians' most of them not capable of as much meaningful self-analysis as you'd get from a toad. We don't need to know more about celebrities' lives, Obadiah. What might help us, what might even save us, is knowing more about the lives of real people who've never made it even medium but who know where they came from and why." "When you didn't answer the doorbell, man, I just knew what must have happened," Chicane told Junior. Before he taught himself to read books, he also taught himself numbers, and then how to read a clock. The significance of time had a more profound impact on him than Agnes could understand, perhaps because acquiring an awareness of the infinite nature of the universe and the finite nature of each human life-and fully understanding the implications of this knowledge-takes most of us till early adulthood if not later, whereas for Barty, the vast glories of the universe and the comparatively humble nature of human existence were recognized, contemplated, and absorbed in a matter of weeks. Mary had a yellow vinyl ball of the type Koko would happily chase all day and, if allowed, chew all night, keeping the house awake with its squeaking. "Want this?" she asked Koko. Koko wanted it, of course, needed it, absolutely had to have it, and leaped into action as Mary pretended to throw the ball. Later, weak and shaken, as he was packing his suitcase, the urge overcame him again. He was astonished to discover that anything could be left in his intestinal tract. The phone rang at 3:20 in the afternoon, just after he switched off the radio in disgust. Sitting in the breakfast nook, the Oakland telephone directory open in front of him, he almost said, Find the father, kill the son, instead of, "Hello." Since he knew where Celestina would be on January 12, there was no point in taking risks to find her sooner. He had plenty of time to prepare for their encounter, time to savor the sweet anticipation. In November, Edom asked Maria Gonzalez to dinner and a movie. Although he was only six years older than Maria, both agreed that this was a date between friends, not really a boy-girl thing. "I can't sleep half the time," Deed said, twisting the baseball cap in his hands. "I've lost weight, and I'm so nervous, jumpy." "You did just fine, Tom, just fine," Agnes said in a consoling tone that she might have used with a boy whose performance, at a piano recital, had been earnest but undistinguished. "We were all quite impressed." The ninth piece was not art, certainly not a work by Griskin, and could disturb no one half as much as it rattled Junior. Upon a black pedestal stood a pewter candlestick identical to the one that had cracked the skull of Thomas Vanadium and had added dimension to the cop's previously pan-flat face. "What car?" Celestina asked, stopping at the bottom of the steps and turning to look. Simon Magusson, lacking family, had left his estate to Tom. This came as a surprise. The sum was so considerable that even though Tom was on a dispensation from his vows, which included his vow of property, he was uncomfortable with his fortune. His comfort was quickly restored by contributing the entire inheritance to Pie Lady Services. They had been brought together by two extraordinary children, by the conviction that Barty and Angel were part of some design of enormous consequence. But more often than not, God weaves patterns that become perceptible to us only over long periods of time, if at all. After the past three eventful years, there were now no weekly miracles, no signs in the earth or sky, no revelations from burning bushes or from more mundane forms of communication. Neither Barty nor Angel revealed any new astonishing talents, and in fact they were as ordinary as any two young prodigies can be, except that he was blind and she served as his eyes upon the world. Jacob made more fire sounds as he stripped the clear cellophane off a second new deck of playing cards, then off a third and a fourth. "Tom, Wally, I'm sorry for the brusque introductions," Agnes Lampion apologized. "We'll have plenty of getting-to-know-each other time over dinner. But the people in this room have been waiting an entire week to hear from you, Tom. We can't wait a moment longer." A quick review of these book spines revealed that the treasured Zedd collection wasn't here. The detective wasn't the only person in the world who liked "Someone to Watch over Me." Anyone in the lounge might have requested it. Or maybe this number was part of the pianist's usual repertoire. With the successful consumption of the burger and with the addition of the third Sklent to his collection, Junior felt more upbeat than he'd been in quite a while. Contributing to his better mood was the fact that he hadn't heard the phantom singer in longer than three months, since the library in July. Undiminished antiperistaltic waves coursed through his duodenum, stomach, and esophagus, and now he gasped desperately for air between each expulsion, without much success. One problem: Nolly Wulfstan, Quasimodo without a hump, probably repaired to this convenient club after work, to down a few beers, because this was surely as close as he would ever get to a halfway attractive woman. The detective would think that he and Junior were here for the same reason-to gawk at nearly naked babes and store up enough images of bobbling breasts to get through the night-and he would not be able to comprehend that for Junior the attraction was the dance, the

intellectual thrill of experiencing a new cultural phenomenon..The sight of her sister's blood and the persistence of the flow made Celestina weak with apprehension. She was afraid she had done the wrong thing by delaying hospitalization..Moving around the front of the station wagon, waving at his mother, reveling in her astonishment, Barty shouted, "Not scary!.He knew the titles that he wanted: "Tunnel in the Sky, Between Planets, Starman Jones. ". "That's just ... an old joke," she heard herself saying, as from a distance. "You didn't really walk between the drops?".He shouldered past two counter waitresses, past the short-order cook who was working eggs and burgers and bacon on the open griddle and grill. Whatever expression wrenched Junior's face, it must have been intimidating, for without protest but with walled alarm, the employees squeezed aside to let him pass..Into the autumn of 1967, Junior reviewed hundreds of thousands of phone listings, and occasionally he located a rare Bartholomew. In San Rafael or Marinwood. In Greenbrae or San Anselmo. Located and investigated and cleared them of any connection with Seraphim White's bastard baby..From Joey's closet, she extracted an old blue blazer that he seldom wore anymore. The lining was sagging, worn..The next thing he knew, he was at the kitchen sink, turning off the water, which he couldn't remember having turned on. He appeared to have washed the bloody candlestick-it was clean-but he had no recollection of this bit of housekeeping..The wink startled and baffled Edom. Oddly, he thought of the mysterious, disembodied, and eternally unwinking eye in the floating pinnacle of the pyramid that was on the back of any one-dollar bill..This was his door, however, not hers. She did not possess a ticket to ride the train that had come for him. He boarded, and the train was gone, and with it the light in his eyes. She lowered her mouth to his, kissing him one last time, and taste of his blood was not bitter, but sacred..Her voice was soft, almost a whisper, and charged with anxiety; but under other circumstances, it would have been sexy..Meanwhile, she could offer him only a few pieces of ice, which he was forbidden to chew. "Let them melt in your mouth..".At dawn, he and his mother went down to the sea, to watch the rolling waves filigreed with foam and gilded with the molten gold of morning sun, to see the kiting gulls and to scatter bread that brought the winged multitudes to earth..From serviceway to alley to serviceway to street, into the city and the fog and the night, Junior ran from the Cain past into the Pinchbeck future..You have the teeth to do it, Junior thought, but he restrained himself from saying it. "This can't be a dead end..".According to the brief biographic note with the picture, Celestina White was a graduate of San Francisco's Academy of Art College. She had been born and raised in Spruce Hills, Oregon, the daughter of a minister..To the open casement window, into the men's room. Still seething with rage. Angrily cranking shut the twin panes while lazy tongues of fog licked through the narrowing gap..".All right. Well ... Jesuits are encouraged to pursue education in any subject that interests them, not theology alone. I was deeply interested in physics..".As he headed toward the door, the detective said, "Don't forget your apple juice. Got to build some strength for the trial..".Eventually, of course, dear Edom held forth about tornadoes--in particular the infamous Tri-State Tornado of 1925, which ravaged portions of Missouri, Illinois, and Indiana..Evidently, the hero was accustomed to encounters of this nature. He rose, pulled out the unused fourth chair. "Please sit with us..".The first was an ace of hearts. This, Maria said, was a very good card, indeed. It meant that Barty would be lucky in love..".My scar," he confessed, "is inexperience. For a man my age, Agnes, I'm in some ways unbelievably innocent. I wouldn't trade the years with Perri for anything or anyone, but intense as it was, our love didn't include ... Well, I mean, you may find me inadequate..".Orange firelight bloomed in the living room below, a wave of heat washed over Paul, and immediately behind the heat came greasy masses of roiling black smoke, drawn to the stairwell as to a flue..Behind his masking hands, the physician let out a thin sound, as though he were trying to pull from his heart an anguish that was embedded like a bur with countless sharp, hooked thorns..IMPLUDE To burst inward under pressure. Like the hull of a submarine at too great a depth..When the waiter had gone, -Tom said, "Don't worry about abetting a crime. If I had to pop Cain to prevent him from hurting someone, I wouldn't hesitate. But I'd never act as judge and jury otherwise..".Sobbing desperately, he dropped the telephone handset on the secretary, seized the dishtowel. He wrapped the cloth tightly around the shattered stump, applying pressure to diminish the bleeding..Once more crowding his quarry, Junior said, "I'm amazed you'd recognize me, since I haven't been to the lounge often..".With no clear awareness of having left the guest room, Paul looked down the enclosed stairs..Agnes supposed Jacob trembled in anticipation of the crash of an airliner or at least a light aircraft. Edom might be calculating the odds that this serene place-at this specific hour-would be the impact point for one of those planet-killing asteroids that reputedly wiped most life off the earth every few hundred thousand years or so..They were as gracious as any people he had ever met, but they also seemed genuinely interested in his story. He wasn't surprised that.Neither hesitantly nor recklessly, the boy set off across the lawn toward the porch steps. He maintained a far straighter line than Agnes would have been able to keep with her eyes closed..When Bartholomew first said "Kay-jub," and held out one hand toward his uncle, Jacob surprised Agnes by crying with happiness..Murder itself was easy, but the aftermath was more draining than he had anticipated. Although the ultimate liability settlement with the state was certain to leave him financially secure for life, the stress was so great that he wondered, in his darker moments, if the reward would prove to be worth the risk..After just twenty-one days, the boy's adaptation to blindness was amazing but clearly the gathered audience stood in anticipation of something more remarkable than his unhalting progress and unerring sense of direction..Angel liked to perch sideways with a drawing tablet in the window seat in Barty's room, look out at the oak tree from the upper floor, and draw pictures inspired by things she heard in whatever book he was currently listening to. Everyone said she was a pretty good artist for a three-year-old, and Barty wished he could see how good she was. He wished he could see Angel, too, just once..Among these people was an old man whom they called, among themselves, the Changer. He showed Otter a few spells of illusion; and when the boy was fifteen or so, the old man took him out into the fields by Serrenen to show him the one spell of true change he knew. "First let's see you turn that bush into the seeming of a tree," he said, and

promptly Otter did so. Illusion came so easy to the boy that the old man took alarm. Otter had to beg and wheedle him for any further teaching and finally to promise him, swearing on his own true and secret name, that if he learned the Changer's great spell he would never use it but to save a life, his own or another's..She hadn't sung since the early-morning hours of October 18, and no other paranormal event had occurred since then. The waiting between manifestations scraped at Junior's nerves worse than the manifestations themselves..Along Junior's hairline, on his cheeks, his chin, and his upper lip, a double score of hard little knots had risen, angry red and hot to the touch. Having previously experienced a particularly vicious case of the hives, Junior realized this was something new-and worse. To the pilot, he replied, "Allergic reaction."..On the third of June, he found another useless Bartholomew, and on Saturday, the twenty-fifth, two deeply disturbing events occurred. He switched on his kitchen radio only to discover that "Paperback Writer," yet another Beatles song, had climbed to the top of the charts, and he received a call from a ea woman..The purpose of life was self--fulfillment, per Zedd, and Junior was so rapidly realizing his extraordinary potential that surely he would have pleased his guru..The fact that Barty saw twisty spots with either eye closed had prepared Agnes for this bleak news. Yet in spite of the defense that foreknowledge provided her, the teeth of sorrow bit deep.. "What's this?" the man asked her, as Sinatra swooped through "Come Fly with Me."..This didn't seem strange to him. Among the many things that no longer mattered were the concepts of distance and time..Junior strove to appear properly mortified. "Thought I heard something. Searched the apartment.".. "I don't have to graduate in the spring of next year. I can take fewer classes, graduate the spring after. That's no big deal."..This was the same woman who had been stripping the second bed when Celestina arrived earlier. Now she was here to remake the first.. "Maria is coming by with Francesca and Bonita," Agnes said. "We might as well put all the extensions in the table. Barty, call Uncle Jacob and Uncle Edom and invite them for dinner."..He paused, not sure how to proceed. He was not accustomed to writing letters to total strangers..His throat was still so raw from the explosive vomiting, seared by stomach acid, that he sounded like a character from a puppet show for children on Saturday-morning television, hoarse and squeaky at the same time. If not for the pain, he would have felt ridiculous, but the hot and jagged scrape of each word through his throat left him unable to..Using a three-step folding stool, he was able to get near enough to one of the vent plates in the living room to determine whether it might be the source of the song. just then the singing stopped..Finally he began: Greetings on this momentous day. I'm writing to you about an exceptional woman, Agnes Lampion, whose life you have touched without knowing, and whose story may interest you..The bitch was getting tired, but Junior still didn't like his odds in a hand-to-hand confrontation. Her hair was disarranged. Her eyes flashed with such wildness that he was half convinced he saw elliptical pupils like those of a jungle cat. Her lips were skinned back from her teeth in a snarl..To the right first. Kick the door open, simultaneously firing two rounds, because maybe this was her bedroom, where she kept a gun. Mirrors shattered: a tintinnabulation of falling glass on porcelain, glass on ceramic tile, a lot more noise than the shots themselves.. "Making too many wrong choices," Grace White said, "produces too many branches-a gnarled, twisted, ugly growth."..Frequently, these days, she found herself explaining aspects of life to Barty that she hadn't expected to discuss for years to come. She wondered how she could make him understand this: Life can be so sweet, so full, that sometimes happiness is nearly as intense as anguish, and the pressure of it in the heart swells close to pain..Out of the car, along the sidewalk, up the steps, from Mercedes to mist to murder. Pistol in his right hand, lock-release gun in his left, three knives in sheaths strapped to his body..ONWARD THROUGH THIS Monday, January 17, this momentous day, when the ending of one thing is the beginning of another..If he had known that he would break his solemn vow twice before the month was ended-and that neither victim, unfortunately, would be a Hackachak--he might not have fallen asleep so easily. And he might not have dreamed of cleverly stealing hundreds of quarters out of Thomas Vanadium's pockets while the baffled detective searched for them in vain..Grace White was petite, and Paul wasn't. Otherwise he might not have been able to halt her determined rush toward her husband, might not have been able to scoop her off her feet and, carrying her in his arms, spirit her to safety..The subcontractor who built the quarter-spitting coin boxes was James Hunnicolt, but everyone called him Jimmy Gadget. He specialized in electronic eavesdropping, building cameras and recorders into the most unlikely objects, but he could do just about anything requiring inventive mechanical design and construction..For the first time in many months, Barty didn't want to sleep in the dark. They left the door of the room open, admitting some of the fluorescent glow from the hallway.. "If you don't, your feeling gland isn't working. Want me to read you to sleep?"..Tom opened his empty hands and then filled one of them with his water glass. The rattling ice belied his calm face..As he edged closer, to better hear the conversation, he became aware of someone staring at him. He looked up into anthracite eyes, into a gaze as sharp as that of any bird, set in the lean face of a thirty something man thinner than a winter-starved crow..Clearly touched and intrigued, the magician nevertheless circled the offer in search of reasons to decline, before at last shaking his head sadly. "I doubt that I'm the caliber of person you're looking for, Mrs. Lampion. I wouldn't be entirely a credit to your project."..Two cranks operated the winch.. The mortician and his assistant turned the handles in unison, and as the mechanism creaked softly, the casket slowly descended into the hole..He kept the house, for it was a shrine to his life with Perri. He returned to it from time to time, to refresh his spirit..Inevitably, man of the arts that he was, his slouching brought him to several galleries. In the window of the fourth, not one of his favorite establishments, he saw an eight-by-ten photograph of Seraphim White..His thought had been that Reverend White might find in Agnes, Bright Beach's beloved Pie Lady, a subject who would inspire a sequel to the sermon that had so deeply affected Paul-who was neither a Baptist nor a regular churchgoer-when he had heard it on the radio more than three years ago..When he judged that he was near the porch steps, he probed with his cane. Two paces later, the tip rapped the lowest step..With a sigh, Obadiah differed: "Not clever. Crude. Before my hands became these great-knuckled lumps, I could have dazzled you."..The

magazine covers were colorful, lurid, full of violence and eeriness and the coy sexual suggestiveness of a more innocent time. Most days, he read a story while eating the two pieces of fruit that were his lunch, but sometimes he lost himself in a particularly vivid illustration, daydreaming about far places and great adventures..Although the mummifying fog wound white mysteries around even the most ordinary objects and wrapped every citizen in anonymity, Vanadium preferred to approach the apartment building with utmost discretion. Whatever the length of his stay in this place, he would never arrive or depart through the front door or even through the basement level garage-until perhaps his last day.. "He knew how you felt about having too much life insurance. So he didn't disclose it to you." He woke several times that night, instantly alert for a ghostly serenade, but he heard no otherworldly crooning.. "What do you think of the exhibition," Junior asked, taking one step toward the musician, crowding him..pistol that he'd purchased in late June. The city operated a program to melt confiscated and donated weapons and to remake them into plowshares or xylophones, or into the metal fittings of hookah pipes..Maybes are for babies, Zedd tells us in Act Now, Think Later. Learning to Trust Your Instincts.. "Go home. Sleep," he said. "You'll be no help to your sister if you wind up a patient here yourself." He must be careful in his approach to her. He dared not rush into this. Think it through. Devise a strategy. This valuable opportunity must not be wasted..Renee Vivi spoke with a silken southern accent. Vivacious without being cloyingly coquettish, well-educated and well-read but never pretentious, direct in her conversation without seeming either bold or opinionated, she was charming company..He kept a few paperbacks of Caesar Zedd's work in the bathroom, so that time spent on the john wouldn't be wasted. Some or, his deepest insights into the human condition and his best ideas for self-improvement had come in this place, where Zedd's luminous words seemed to shine a brighter light into his mind upon rereading.. "I'll teach her," Wally said, moving past them to the apartment door, fishing a ring of keys out of his coat pocket.. "I've always wanted to learn the piano myself," Junior claimed, "but I guess you really have to start young."
