If the young sorcerer was seeking experience, he did not get much at Westpool. Whenever Birch had guests from Kembermouth or from neighboring domains, the herd of deer, the swans, and the fountain of golden wine made their appearance. He also worked up some very pretty fireworks for warm spring evenings. But if the managers of the orchards and vineyards came to the Master to ask if his wizard might put a spell of increase on the pears this year or maybe charm the black rot off the Fanian vines on the south hill, Birch said, "A wizard of Roke doesn't lower himself to such stuff. Go tell the village sorcerer to earn his keep!" And when the youngest daughter came down with a wasting cough, Birch's wife dared not trouble the wise young man about it, but sent humbly to Rose of Old Iria, asking her to come in by the back door and maybe make a poultice or sing a chant to bring the girl back to health.. their listening silence, and rested there for days, and came back to him changed.. insistence and spoke freely at last.. stone tower.. mage-warlords of Wathort raided Roke, and killed almost all the grown men of the island. But the. In the young dowser he recognized a power, untaught and inept, which he could use. He needed much more quicksilver than he had, therefore he needed a finder. Finding was a base skill. Gelluk had never practiced it, but he could see that the young fellow had the gift. He would do well to learn the boy's true name so that he could be sure of controlling him. He sighed at the thought of the time he must waste teaching the boy what he was good for. And after that the ore must still be dug out of the earth and the metal refined. As always, Gelluk's mind leapt across obstacles and delays to the wonderful mysteries at the end of them.. Tell him what he sees, Anieb whispered in Otter's

mind, and he spoke: "A stream runs through darkness over a glittering roof. Under the roof is the House of the King. The roof stands high above the floor, on high pillars. The floor is red. All the pillars are red. On them are shining runes." He told her, as well as he could. "We were strangers. Yet she gave me her name," he said. "And I. She tried to sit up again, looking up, but the shaking and shuddering seized her and wracked her. "Well, of course they do," said Rose, "that's what they're there for!" "I was told there's a murrain among the cattle here." Now that he wasn't all locked up with cold, he heard, was a little animal with sharp teeth and no voice, but there were no such creatures on the. "We went farthest east," Azver said. "But do you know what the leader of an army is, in my tongue?" "The Ring of Peace is healed," said the Herbal, in his patient, troubled voice, "the prophecy is fulfilled, the son of Morred is crowned, and yet we have no peace. Where have we gone wrong? Why can we not find the balance?" From the Earth branch of Adapt would be waiting and all I had to do was to find him at a will be Archmage. Under his rule Roke will be as it was. The king will receive the true crown from the boy's gaze dropped. He named the Masters, Hand and Herbal, Summoner and Patterner, Windkey and Chanter, and the Namer, and the Changer. "The Changers and the Summoner's are very perilous arts," he said. "Changing, or transformation, you maybe know of, mistress. Even a common sorcerer may know how to work illusion changes, turning one thing into another thing for a little while, or taking on a semblance not his own. Have you seen that?" They came forward on their knees, face to face, their arms straight down and their hands joined. They kissed each other all over their faces. To Rose's lips Diamond's face was smooth and full as a plum, with just a hint of prickliness above the lip and jawline, where he had taken to shaving recently. To Diamond's lips Rose's face was soft as silk, with just a hint of grittiness on one cheek, which she had rubbed with a dirty hand. They moved a little closer so that their breasts and bellies touched, though their hands stayed down by their sides. They went on kissing. "Flew away?" She nodded, with an anxious face. A few times, sitting on the waterstairs, the dirty harbor water sloshing at the next step down, the yells of gulls and dockworkers wreathing the air with a thin, ungainly music, he shut his eyes and saw his love so clear, so close, that he reached out his hand to touch her. If he reached out his hand in his mind only, as when he played the mental harp, then indeed he touched her. He felt her hand in his, and her cheek, warm-cool, silken-gritty, lay against his mouth. In his mind he spoke to her, and in his mind she answered, her voice, her husky voice saying his name, "Diamond" He did not ask if Otter was picking up any sign of the ore; he did not ask whether he was seeking the ore or pretending to seek it. Otter himself could not have answered the question. In these aimless wanderings the knowledge of the underground would enter him as it used to do, and he would try to close himself off to it. "I will not work in the service of evil!" he told himself. Then the summer air and light would soften him, and his tough, bare soles would feel the dry grass under them, and he would know that under the roots of the grass a stream crept through dark earth, seeping over a wide ledge of rock layered with sheets of mica, and under that ledge was a cavern, and in its walls were thin, crimson, crumbling beds of cinnabar... He made no sign. He thought that maybe the map of the earth underfoot that was forming in his mind could be put to some good use, if he could find how to do it. He did not go into the village, but past it to the little house that stood alone to the north at young dragon hoards up its fire. And share it. But only here. Pass it on, one to the next, here, not a wonderful thing," he went on, drawing Otter away and back down the spiral stair, "how from. "I gave it up, Darkrose.
